WISE BASE MOUNTS

[BACK](#)

Whether you already own a 300 series vise or are selecting components to build your own custom work holding system, our Base Mounts will add an extra dimension of productivity to your next project! Compatible with the [201 PV Jr](#), [300 Standard Base](#) and [305 Low-Profile Base](#). All Base Mounts have three holes designed for 1/4-20 screws evenly spaced on a 4 5/16" (109.5mm) bolt circle. All our vises and work holding devices come with a *"lifetime warranty."*

Weighted Base Mount - Model 308

- The husky, cast iron 308 Base Mount weighs 5lbs. (2.3kgs), making it compact and stable.
- Included are four non-marring, anti-skid neoprene base pads.
- Two 1/4 - 20 holes are drilled and tapped on the side extension for conveniently mounting accessories such as the model [371 Solder Station](#).
- Three 1/4 -20 screws and nuts for mounting [Bases](#) are included.

Surface Plate Base Mount - Model 310

- The 310 Surface Plate Base Mount is a precision cast iron flat surface (Blanchard ground) ideal for layout work and as a portable work station.
- 10" x 10" (254mm x 254mm) square and weighing 10lbs. (4.5kg).
- Included are four non-marring, anti-skid neoprene base pads.
- The top surface is drilled and tapped in one corner for the [300 Standard Base](#) or [305 Low-Profile Base](#).

- Three 1/4 -20 screws for mounting [Bases](#) are included.

Bench Clamp Base Mount - Model 311

- The 311 Bench Clamp Base Mount clamps to the edge of any work bench or table up to 3 7/16" (87.3mm) thick.
- Throat depth from center of clamping screw; 2 5/16" (58.7 mm).
- Four neoprene pads are included and may be used when additional anti-slip characteristics are desired without excessive tightening of the clamping screw.
- Finger grip handle for added convenience.
- Three 1/4 -20 screws for mounting [Bases](#) are included.

Part Tray Base Mount - Model 312

- The cast aluminum 312 Parts Tray Base Mount has six intergal parts wells with rounded and sloped walls for easy parts removal. Neatly organize your small parts and tools!
 - Overall diameter is 8 1/2" (215.9mm) and provides extra stability.
 - Includes six non-marring, anti-skid neoprene base pads.
 - Three 1/4 - 20 holes are drilled and tapped on the outer lip for mounting accessories such as the [371 Solder Station](#).
 - Three 1/4 -20 screws for mounting [Bases](#) are included.
-

Magnet Base Mount - Model 335

- Magnetically attaches to any flat, ferrous metal surface.
- Perfect for keeping work holding tools on machinery, truck beds, tool boxes, file cabinets...anyplace magnets are not a problem.
- Magnet slightly recessed to avoid scratching or marring metal objects.
- The Magnet Base Mount is 1/4" (6.3mm) thick.
- Magnetic power holds 5 lbs (2.3kgs) at 90°.
- Three 1/4 -20 screws for mounting [Bases](#) are included.
